Powell 1990, Powell & Smith-Doerr 1994). Sometimes, I wonder about using a nouveau information-age term like "cybernetic" to convey my emphasis, but that could obscure the point that organizational networks sometimes played important roles in early periods of history.<sup>4</sup> In short, I persist for now with the terms used here.

October 23, 2017 . Dear Members of Congress, The undersigned scientists write to urge you to oppose H.R. 200 and any other legislative efforts that would weaken science-based management of U.S. marine fish populations, so that current and future generations of Americans can enjoy fishing and healthy oceans teeming with fish for years to come.
